

Auto Hits Girl; Driver Sent to Jail.

A jitney bus driven by Edward Grant of No. 1209 Park Avenue, Hoboken, ran down Miss Anna Stebbins of No. 1220 Washington Street, Hoboken, today as she was boarding a Washington Street car at Thirteenth Street. She was seriously injured and was taken to St. Mary's Hospital. Grant was arrested before Recorder Carleton charged with violating traffic rules and with assault and battery. He was held in \$1000 bail for the Grand Jury on the assault charge and for the traffic violation was sentenced to twenty days in the county jail, fined \$10 and costs, and was informed the revocation of his license would be asked.

What Happened

WHEN the jitney went up and the new skirts went wider, the famous Heatherbloom Petticoats answered the call of economy and fashion.

The Last Word in Bread Making

WARD'S TIP-TOP BREAD

is the result of years of scientific research, patient investigation and the spending of thousands of dollars in costly experiments and baking equipment to bring it to its present standard of bread perfection.

As you buy it today from your dealer it is the last word in bread making, and it costs no more than other kinds.

The finest flour and other food materials which money can buy, all carefully tested for quality and purity, are used in making WARD'S TIP-TOP BREAD and DAINTY-MAID BREAD. The processes used in converting the high-grade ingredients into wholesome and nutritious loaves are far ahead of all other methods and admitted the most scientific and advanced known to the bread industry.

By this patented process proper proportions of beneficial lime salts are added to the water, modifying and correcting the water to the best standard for bread making, stimulating the yeast growth and the production of the carbon-dioxide gas necessary in all bread-making—all of which permits the production of bread of better quality, flavor and texture, and, most important of all, greater nutritive food value.

To buy either TIP-TOP or DAINTY-MAID BREAD is a matter of economy because no other food offers so much nourishment and food value for so little money. To buy either TIP-TOP or DAINTY-MAID BREAD guarantees you cleanliness—guarantees you highest quality and 100% purity. Make one or the other of these loaves your daily choice and you are assured of bread perfection.

HUDSON NAVIGATION OPENS.

It Has Been Closed 75 Days, but Regular Service Is Now Resumed.

Navigation on the Hudson River opened yesterday, after being closed for seventy-five days. The latest date at which navigation has opened up on the river is April 15, which was in 1842, after the waterway between here and Albany had been out of business for 146 days. The shortest period of closure was from Jan. 20 to March 3, 1874, an interval of only thirty-one days. The nearest approach to this was in 1916, when the river was closed from Feb. 6 to March 17, a shutout of thirty-nine days.

The Hudson Navigation Company will send its first steamer for the season up

the river to-morrow night, the next on Friday night, after which the Trojan or Henssler will leave every night at 7 o'clock from Pier No. 25, foot of Canal Street, North River, stopping at West One Hundred and Thirty-second Street, in Harlem, at 7:30. The Sunday day-light service will commence on next Sunday, leaving Pier No. 12 at 9 A. M. and West One Hundred and Thirty-second Street at 9:30 A. M. A steamer will leave Albany at 10 A. M.

Paried From Wife, Kills Himself.

Louis Meyers, sixty-two years old, a porter, was found dead this morning on his kitchen floor at No. 146 Avenue A, with one end of a rubber tube in his mouth and the other attached to a jet, from which gas was flowing. Meyers, who had been separated from his wife since last September, has a grown son in Boston. Despondency over domestic troubles is believed to have caused his suicide.
